Wildlife in Your Neighbourhood

A Children's Wildlife Photography Competition

Barn Owl

Demoiselle Dragonfly

Hedgehog

Wildlife is all around us – in the trees, under a rock, in a puddle or up in the sky.

The natural world is amazing and our new photography competition wants to celebrate that. We want you to photograph the wildlife of the **Headington** area – to capture the bugs, the birds, the plants (even the worms if you have some) that live on your doorstep.

Your photograph must be taken on a digital camera, mobile phone or tablet and can be of anything related to the theme of **'Wildlife'**.

The best photographs will form part of a special exhibition at Headington Festival 2018, with some exciting prizes for the winners. There are two age categories: **4 to 7 years** and **8 to 11 years**.

Competition rules and information can be found at:
www.scienceoxford.com/schoolsphotographycompetition

Send your entries to:
Stansfeld.information@scienceoxford.com by 21st May 2018.

Find out more about the new Science Oxford Centre that will open in Headington in 2019 by going to **www.scienceoxford.com**
