Activity/Item Being Assessed	Hazard Identified	Persons/Property At Risk	Control Measures	Severity	Likelihood	Risk Rating*
Possible infection with COVID-19	Infection brought to centre by school groups or public visitors.	School visitors: pupils and accompanying adults, public visitors and visitor-facing staff.	Contact all schools and public audiences visiting the centre in advance of their visit. Ensure that schools and public visitors have screened all members of their group according to DfE guidance. All visitors must hand wash/sanitize on arrival, before eating/drinking and on leaving the centre.	3	2	6
Possible infection with COVID-19	Infection transferred from one group to another.	School visitors: pupils and accompanying adults, public visitors and visitor-facing staff.	All cleaning regimes have been reviewed and areas of risk identified. This includes regular cleaning of workshop resources, exhibits in the EZ and resources used in shows and woodland walks. Exhibits that pose a higher risk have been removed from the exhibition.	3	2	6

Risk Assessment – COVID-19, Schools/Public Visiting Science Oxford Centre

Possible infection with COVID-19	Infection from Science Oxford Centre staff	School visitors: pupils and accompanying adults, public visitors and visitor-facing staff.	We have surveyed all our Science Oxford staff to ensure that they have not travelled or been in direct contact with anyone who has visited a Category 1 or 2 area, as defined by Public Health England, within the last 14 days. Staff will also regularly wash/sanitize their hands according to latest DfE guidance.	3	1	3
